Kindness is one of our school Gospel values and we think you would agree the two fundraising stories noted below reflect this perfectly.

Caitlin and Jasmine completed a sponsored swim in their Brownie group to raise funds for the Lexi May trust and they wanted to show their class the medal they received. Well done girls!

Well done to Evie and her family who completed a sponsored silence. She and her cousins also organised a games night for family in order to raise more money. In total, they raised £151.56. With this money, Evie and her cousin George have each sponsored a chicken for a year and the rest of the money has been donated directly to the British Hen Welfare Trust.

If you have any new stories/photos you wish to share about fundraising please let Mrs Heath in the office know.

In their science lesson this week, Beech class discussed what factors are required to grow a plant and what would happen if one of the factors is removed. To summarise their findings to the rest of the class they took turns reporting their findings using the BBC news intro.
