Obviously, this is a very different situation to that which we are used to and invariably there will be 'teething' problems until we are all confident and competent.

The Safeguarding team at Dorset have sent some useful advice regarding live lessons and ensuring that safeguarding measures are in place for the children to work safely from home:

- Parents will be asked to ensure that during the live lesson their child is:
 - In a public area of the house
 - Is appropriately dressed (no pyjamas or onesies please, however tempting that may be on these cold winter mornings!)
- Parents should contact the school's Designated Safeguarding Leaders: Mrs Christopher and Miss Cheeseman, if they have any safeguarding concerns about the conduct of staff or children during these live sessions.
